8. Similar to the right of the IB.SH as laid down in Article 4(5) of the subsidy contract, the LP reserves the right not to accept – in part or in full – expenditure validated by PPs' first level controllers if – due to the results of the LP's own checks and/or controls or audits performed by another authority (e.g. the first level controller of the LP) – the validation or the facts stated therein prove to be incorrect or if the underlying activities are not in line with the legal framework as set out in Article 1 of the subsidy contract. In such a case, the LP will either reduce the requested payment, demand repayment of funds already paid out unduly or set them off against the next payment request submitted by the PP, if possible and in accordance with Article 132 of Regulation (EU) No 1303/2013.

9. Subject to fulfilment of the conditions laid down in Articles 2(4) and 2(5) of the subsidy contract, Russian project partners are entitled to receive advance payment of ENI/Russian co-financing after signature of the subsidy contract. After the IB.SH transferred the advance payment to the account of the LP, the LP will forward the individual advance payments to the Russian PPs. In accordance with the procedure described in the Programme Manual, the advance payment will be calculated and offset against regular payments of ENI/Russian co-financing made by the IB.SH on the basis of reported eligible expenditure.
10. The co-financing awarded by the subsidy contract and paid to the account of the LP either in the form of an advance payment of ENI/Russian co-financing or following its request for payment according to Article 4 of the subsidy contract, shall be redistributed between the relevant PPs to accounts indicated by the PPs. In case a PP repeatedly does not fulfil its obligations stipulated in the subsidy contract, this agreement and the respective annexes, the LP may decide to exclude the PP from the project, with approval of the Monitoring Committee of Interreg Baltic Sea Region. The LP shall without delay inform the IB.SH of such decision. In case the exclusion is approved by the Monitoring Committee of Interreg Baltic Sea Region, the PP is obliged to refund to the LP any Programme funds received by the day of exclusion for which it cannot prove that they were used for the implementation of the project according to the rules of eligibility of expenditure.

Article 8(4) of the subsidy contract).
2. Taking into account the due date stated in the letter of the IB.SH as referred to in Article 8(2) of the subsidy contract, repayment by the PPs to the LP is due within two weeks following the date of the letter by which the LP asks the PPs for repayment to its account. Any delay in effecting repayment shall give the LP rise to interest on account of late payment, starting on the due date and ending on the value day of actual repayment to the accounts of the LP. In accordance with Article 8(2), last sentence, of the subsidy contract, the interest rate shall be one-and-a-half percentage points above the rate applied by the European Central Bank in its main refinancing operations on the first working day of the month in which repayment by the PPs to the LP is due. Financial charges incurred by the repayment of undue amounts shall be borne entirely by the concerned PPs.
3. If the LP does not succeed in securing repayment from a PP, it shall inform the IB.SH; this information shall include a proof that the LP has undertaken all necessary steps of recovery in accordance with this agreement. In case Article 27(3) sentence 1 of Regulation (EU) No 1299/2013 or an equivalent rule stipulated in the MCS Agreement, the MCA Agreement or the Financing Agreement applies, the LP shall be entitled to transfer its right to demand repayment from the PP to the Member State or third country on whose territory the PP is located or, in the case of an European grouping of territorial cooperation (EGTC), is registered.

2. The parties to this agreement are aware that the IB.SH is entitled to terminate the subsidy contract if the number of PPs falls below the minimum number of partners that is set in the Programme Manual (cf. Art. 8(1)(b) of the subsidy contract).
