### A. First level control report

The first level control report and checklist constitute an essential and obligatory part of the project's audit trail. They have to be completed by the first level controller of each project partner. Based on these documents the controller can certify the partner's expenditure. The control report including the checklist has to be submitted to the controlled project partner and to the lead partner for validation of the project's overall progress report.

#### 5.11 Bid-at-three rule

☐ ☐ ☒ **Comment**

Do the purchases of equipment, investment or external services below the national threshold and above EUR 5,000.00 (without VAT) comply with the Programme's bid-at-three rule? In that respect please see the note about non-discrimination and equal treatment.

*Please note: According to the jurisdiction of the European Court of Justice, the contracting authorities have to comply with the principles of non-discrimination and equal treatment laid down in the EC treaty, even below the EC thresholds. Based on these requests the European Court of Justice states an obligation of transparency and requests the contracting authority to ensure "a degree of advertising sufficient to enable the services market to be opened up to competition".*

#### Comments/Follow-up :

Purchases of equipment, investments or external services below the national threshold and above 5 000,00 euros (excluding VAT) were not made in the reporting period.

## 7. Compliance with State aid rules

First level controllers are asked for a professional judgment as a controller here. They are asked in particular to confirm that they have not come across anything that makes them doubt that the EU and/or Programme State aid rules are not adhered to. It is important to indicate what the professional judgment is based on, such as reported activities compared to the application form, project partner confirmations obtained on these matters, insights gained during an on-the-spot check, interviews with the project partner or other internal documents that a project partner provides.
