# How to stay resilient in turbulent times and responsive to public needs

## Webinar: New funding to build innovative societies

Interreg Baltic Sea Region 2021-2027 | 18 January 2022

# Agenda

- Warm-up
- What's new?
- Towards resilient economies and communities
- Your questions
- Towards responsive public services
- Your questions
- Meet the Policy Area Coordinators
- What's next?

**Interreg**  
Baltic Sea Region

Co-funded by  
the European Union

# What's new?

**Marta Ślęzak Warszzycka, Team Leader Project Unit**

Interreg Baltic Sea Region 2021-2027 | 18 January 2022

# What's new?

**Interreg**  
Baltic Sea Region

Co-funded by  
the European Union

**Practical  
solutions through  
core projects**

**Easier access  
through  
small projects**

# What's new?

**Interreg**  
Baltic Sea Region

Co-funded by  
the European Union

**Further  
digitalisation of  
processes**

**Wide use of  
simplified cost  
options**

**Unified co-  
financing rate:  
80%**

# The timeline

the European Union

## Core projects

## Small projects

# Our focus

**Interreg**  
Baltic Sea Region

Co-funded by  
the European Union

## Supporting transition

Towards greener and  
more resilient societies  
and economies

## Supporting public authorities

In meeting needs of  
communities and  
companies etc.

## Creating practical solutions

To challenges in  
the Baltic Sea  
region

**We put into practice innovative,  
water-smart and climate-neutral solutions  
through transnational cooperation  
for the benefit of citizens across  
the Baltic Sea region.**

# Innovative societies

**Programme objective 1.1** Resilient economies and communities

**Programme objective 1.2** Responsive public services

*Note:* The Programme priorities and objectives are subject to approval by the Programme countries & the European Commission

**Interreg**  
Baltic Sea Region

Co-funded by  
the European Union

# Resilient economies and communities

**Agnieszka Lipińska and Sebastian Hentsch, Project Officers**

Interreg Baltic Sea Region 2021-2027 | 18 January 2022

# 1.1

## Resilient economies and communities

Building **sustainable, fair, innovative** and **resilient economies and communities** across the Baltic Sea region.

# 1.1 Resilient economies and communities

## What does resilience mean for our Programme?

- **respond** to unexpected external disturbances
- **avoid** the unwanted external impacts, **withstand** them or **recover** quickly from them
- **detect** and **monitor** potential vulnerabilities
- **find right balance** between **global** value and supply chains as well as **local and regional** production patterns and services
- **society** characterised by **strong social cohesion** and a **shared system of values**

# 1.1 Resilient economies and communities

## Why do we address resilience?

- **Dependency** of the Baltic Sea region on global developments
- **New** socio-economic **situation** due to pandemic
- **Need for tools** supporting adaptation to unforeseen developments
- Need to **increase engagement** of civil society

# 1.1 Resilient economies and communities

## 👍 What does innovative resilience mean?

- Develop **solutions** increasing the innovativeness of the region to avoid external impacts, withstand them or recover quickly from them
- **Experimentation**, “thinking outside the box”, working across different sectors
- **Improve** smart specialisation capacities
- Untap the potential of **digitalisation**

# 1.1 Resilient economies and communities

## A variety of target groups, e.g.

-  Public authorities
-  Communities
-  Specialised agencies, service providers
-  Business support organisations
-  Businesses

# 1.1 Resilient economies and communities

## Examples of actions

- Supporting development of mechanisms to manage challenges
- Introducing more sustainable regional consumption
- Strengthening cohesion and identity through social inclusion
- Driving innovative development through smart specialisation

# 1.1 Resilient economies and communities

## Examples of actions

-  Assisting businesses in diversification or risk management
-  Developing solutions that enable adaptation
-  Reducing dependency on global developments

# Responsive public services

**Laura Ligazzolo and Elea Nova Sondag, Project Officers**

Interreg Baltic Sea Region 2021-2027 | 18 January 2022

## 1.2

### Responsive public services

Experimenting with **new ways of delivering public services** using innovative, data-driven and participatory methods to improve the lives of citizens.

## 1.2 Responsive public services

### What does “public services” mean for our Programme?

**PUBLIC** = to serve all members of the community

(health care, urban planning, social services...)

## 1.2 Responsive public services

### What are the challenges? Some examples:

- **Budgetary** constraints, but pressure for improvements
- Lack of **tools and abilities**
- Limiting **organisational culture. Modernisation** shift
- **Digitalisation**
- **Engagement. Accessibility**
- **Coordination. Interoperability**

# 1.2 Responsive public services

## Why do we have this Programme objective?

Address challenges, making steps forward for **more effective services:**  
**more efficient, less bureaucratic, able to adapt to societal challenges**

## What does “responsive public services” mean for our Programme?

**RESPONSIVE** = demand-driven (based on actual societal needs and challenges)  
tailor-made (to fit the actual recipients, they should serve)

## 1.2 Responsive public services

### What does “innovative responsive public services” mean for our Programme?

- Implementing **participatory processes** to plan services  
(ensuring responsiveness, motivating and empowering citizens)
- Using **digital technologies** to deliver better, faster, personalised services  
(AI, blockchain...)
- Putting in practice **green solutions** to deliver resources&cost-efficient services

# 1.2 Responsive public services

## Target groups

-  **Public authorities**
-  **Communities**
-  **Specialised agencies, service providers**
-  **Business support organisations**
-  **Businesses**

## 1.2 Responsive public services

### Some examples of actions:

Establishing **innovation partnerships**

Harmonising **systems** and **standards** between countries

Making public services more accessible in **rural or remote areas**

## 1.2 Responsive public services

### Some examples of actions:

Increasing **green public offers**

Testing **unconventional approaches**

Using **cultural approaches** to motivate different generations to participate in public life

## Interreg Baltic Sea Region 2021-2027

**Priority 1  
'Innovative  
societies'**

**1.1 Resilient economies  
and communities**

**EUSBSR policy area  
Innovation**

**1.2 Responsive public  
services**

**EUSBSR policy areas  
Innovation, Health,  
Spatial Planning**

## **EUSBSR policy area Innovation Coordinators (PACs)**

**Reet Reismaa**, Ministry of Economic  
Affairs and Communications of Estonia

# EUSBSR Policy Area Innovation: relevant actions/topics in 2021-2027

## Action 1: Challenge-driven innovation

Macroregional challenge-driven innovation policies and actions **aiming at fostering disruptive, breakthrough and market-shaping innovations to respond to the 21st century social, environmental, and economic grand challenges in the BSR.**

### Potential topics

- Sector/S3 priority-specific S3/4 initiatives (e.g. on blue growth, circular economy/industrial symbiosis, health, industry 4.0, smart cities, low carbon energy) having the potential to solve BSR challenges, to generate new business, and to encourage the development of BSR value chains
- Promotion of stronger BSR value/supply chains that would be able to respond to future undesired external disruptions
- Methods and tools for the facilitation of the systemic change needed for green transition and sustainable and inclusive growth
- Initiatives on public procurement for innovation (challenge-based procurement)

## Action 2: Digital innovation and transformation

Digital transformation is a societal change in BSR.

### Potential topics

- Real-Time Economy; Development of common standards for interoperable public and private solutions
- Joint development and implementation of Digital Innovation Hubs (DIHs)
- Digital, data-driven solutions for sustainable business and growth in BSR (promoting the twin transition in BSR), e.g. Digital transformation of (blue) bioeconomy /circular economy in BSR

# EUSBSR Policy Area Innovation: relevant actions/topics in 2021-2027

## Action 3: Co-creative innovation

Ecosystems and platforms are emerging as key frameworks for economic and innovation activity also in BSR. **Transnational platforms and change agents are needed to connect Baltic Sea region innovation ecosystems** and having access to public, research and business groups, to engage them in the collaborative process of co-creation to bridge the existing knowledge, skills and market access gaps for SMEs.

## Potential topics

**Co-creation as a horizontal theme / overarching approach to all EUSBSR PA INNO actions, it can be applied in any topic/project**

- **To scale up the use of co-creation among BSR SMEs** through improving their capabilities and absorptive capacities to efficiently turn market demand driven ideas into innovations
- **To connect innovation ecosystems across BSR** through developing and piloting systematic models and practices to engage BSR SMEs, researchers, test facilities and end users in co-creation activities
- **To facilitate the understanding and change of mindset among policy-makers** and SMEs to scale up practical co-creation activities in BSR and
- **To promote transnational cooperation and SMEs access to RDI infra**, and transnational exchange and joint development between Innovation Infrastructure Organisations and incubators.

# EUSBSR policy area Innovation

## Advice from PACs

What else to consider when developing applications?
