Prorities, objectives and project examples

BaltSe@nioR and **BaltSe@nioR 2.0** helped furniture manufacturers in Estonia, Denmark, Finland, Germany, Latvia, Lithuania, Norway, Poland and Sweden create tailor-made products for seniors and inspired them by showcasing prototypes of smart furniture.

IWAMA partners installed state-of-the-art wastewater plants in Estonia, Germany, Latvia, Lithuania and Poland. Best practices, technical solutions and tools on water and wastewater management collected in the **Baltic Smart Water Hub** are in active use today, whereas training packages ensure life-long learning for water management specialists in the region.

Emergency services in countries around the Baltic Sea aligned their procedures and trained together to respond in a coordinated manner in cases of passenger ship accidents (**DiveSMART Baltic**), in accidents with harmful chemicals in ports (**HAZARD**) or at sea (**ChemSAR**). The **ResQU2** platform ensured that the gained learning experiences and the guidelines reached the national levels.
