Public transport

From Tallinn Airport, you can reach the Tallink Spa & Conference Hotel by bus, taxi, or Bolt drive/taxi.

Buses

There are no direct buses from the airport to the venue, so you will need to change buses/trams if you decide to use this means of transport. **Use the Tallinn Transport Department's Journey Planner (<https://transport.tallinn.ee/#plan//en>, Figure 3) to plan your journeys using city buses and trams.** The app allows you to intuitively type your location (or automatically define it using GPS), provides alternative routes and times, and has informative maps showing the planned journeys. Of course, Google Maps is also an option.

A question **where can you buy the tickets for public transport** can find answer from **Figure 5**.

The tickets are valid from their first validation until the end of the last validated trip. You must re-scan each entry during your travel period. A green light means your ticket has been successfully validated, a red light signals your card is not valid or you might be out of credit.

One-hour tickets and one-day tickets:

You can buy one-hour tickets:

- At the ticket machines located at the airport, central bus station, bus terminal at Viru Keskus, and the port's A- and D-terminals
- With a contactless payment card* (Mastercard, Maestro, Visa and Visa Electron) at the rectangular orange validators in the front of the vehicle.

You can buy one-day tickets and one-hour tickets (known as QR tickets):

- By loading money* or the appropriate ticket on your Ühiskaart (green fare card) online or anywhere the cards are sold (see below)
- online from tallinn.pilet.ee
- with the mobile app [pilet.ee](https://tallinn.pilet.ee) (for iOS and Android). When you purchase a ticket through the app, a service charge of 0.32 euros will be added to the price.

When buying a ticket through tallinn.pilet.ee, you can both download your ticket and have it sent to your e-mail address. If you create an account, your tickets will also be visible under 'My tickets'.

You can find this information and more at the Visit Tallinn web page

(<https://www.visittallinn.ee/eng/visitor/plan/transport/public-transport#ticketprices>).

Taxi

Travelling to and from the airport by taxi is simple and convenient. Taxis drop off and pick up passengers right at the terminal's entrance. **Standard taxis are waiting for passengers in front of the terminal:**

Forus Takso (check estimated fares in Figure 6, <https://forustakso.ee/en/taxis/>)

Taxi fares in Estonia are not regulated by law. Before starting your journey, **make sure the price is acceptable and, if possible, ask the driver for an estimated fare.** To avoid unpleasant experiences, the airport recommends using only its partner taxis, which stop at the designated taxi area.

Bolt

Bolt is a popular transportation service in Estonia (Figure 8). It offers a convenient and fast way to get around cities and their surroundings. The service is accessible through a mobile app, where you can book various ride options according to your needs. A classic ride-hailing service where a driver takes you to your desired destination.

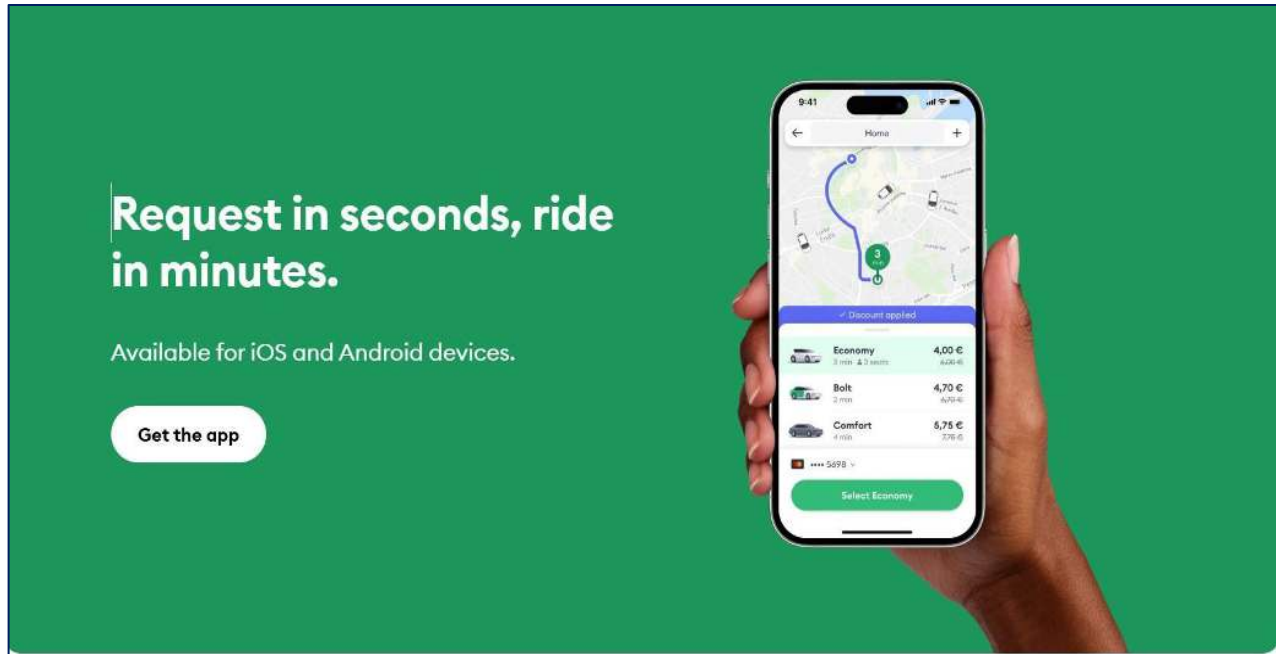

Figure 8. The Bolt app is available for both iOS and Android.

Fares are calculated based on distance and time and are shown at the time of booking.

Different ride categories are available, such as:

- Bolt Basic (budget-friendly option, **price range 9-11 euro**).
- Bolt Comfort (more comfortable cars).
- Bolt XL (spacious cars for up to 6 passengers).
- Bolt Premium (luxury vehicles).

Conference Meals and Restaurant suggestions

Coffee breaks, lunch, and the Conference dinner are included. Please indicate your diet restrictions in the registration form.

If you arrive earlier or leave later, there are many places to eat and enjoy the evening within walking distance of the hotel.

The must-see Old Town Square/Viru Street is filled with restaurants; however, some may be overpriced, so it is recommended to walk a bit further from the main streets. For a bit more Estonian food and drinks, we recommend Hell Hunt (<https://hellhunt.ee/en/>).

Telliskivi/Balti Jaam area (<https://www.visittallinn.ee/eng/visitor/ideas-tips/tips-andguides/telliskivi-creative-city>) is a newly developed area with nice places to eat, drink, and shop. There, most places are good. Some nice places are:

F-hoone (<https://www.fhoone.ee/en/>)

One Sixty (<https://onesixty.ee/en/>)

Balti Jaam Market street food area (<https://visittallinn.ee/eng/visitor/near-me/180163>)

La Tabla (<https://latabla.ee/>)

Lendav Taldrik (<https://telliskivi.cc/foods/lendav-taldrik/>)

Kivi Paber Käärid (<https://kivipaber.ee/en/>)

Also, some breweries for Gin (<https://junimperium.ee/en/contact/>) and Beer (Põhjala) are in the area.

OpenRisk II project (2023-2026) is co-funded by the EU Interreg BSR programme 2021-27.
