

Schwerin, 30.09.2025

Invitation to the final conference of Interreg BSR project “GreenIndustrialAreas”

Ladies and gentlemen,

Sustainability, energy supply security and climate protection are key challenges for the economically sustainable development of industrial areas. With the “GreenIndustrialAreas” project, seven countries in the Baltic Sea Region working together to develop a common transnational standard for the certification of green industrial areas. I cordially invite you to the project’s final conference.

When: November, 25-26, 2025

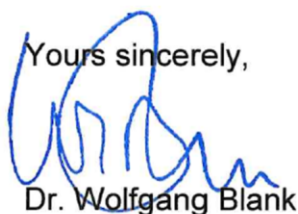

Where: Hotel „Speicher am Ziegelsee“, Speicherstraße 11, 19055 Schwerin

The aim of the event is to present the project results and use examples to show ways of sustainably redesigning industrial areas. Current topics of spatial planning and energy transition in the Baltic Sea region will also be discussed.

Be part of it.

Please register under the Link provided in the Mail.

Yours sincerely,

Dr. Wolfgang Blank
