

HOW TO PLAY

1. Grab a card and check the picture

- Pick any card from the pile and look at the image, what's happening and how does it feel?
- Chat with a friend if you like!

2. Choose an emoji

- Which emoji fits the picture best?
- Go with the one that feels right.
- Need help? Take a peek at the emoji list!

3. Scan the QR code

- Use a phone to scan the card's QR code.
- You'll see some suggested emojis, is yours there?
- You will also see “?” -emoji on the screen, it means the picture can make you feel anything.

Remember: One image can make different people feel completely different things and that's okay! There's no one right feeling, only your own. That's what makes it fun to share and compare!
