TRAVEL

How to get to Gdynia

Gdynia is part of the Tricity metropolitan area in northern Poland, together with Gdańsk and Sopot. The most convenient international gateway is **Gdańsk Lech Wałęsa Airport (GDN)**, located approximately 25–30 km from central Gdynia. Participants can reach Gdynia by train, taxi, or bus (see below).

Arrival by train

Gdynia is well-connected by rail with other Polish cities. Long-distance trains arrive at **Gdynia Główna**, the main railway station, located close to the city centre. Participants travelling from Warsaw, Kraków, Poznań or other cities can check and book long-distance train connections through **PKP Intercity**.

Travel from the Gdańsk Airport to the Gdynia City Centre

PKM train (long-distance train)

There are direct trains from the **Gdańsk Lech Wałęsa Airport** to Gdynia Central railway station, **Gdynia Główna**. The journey takes about 25 min.

Tickets can be purchased:

1. Directly from the ticket machine on the platform. Pick your start and destination stations. The price should be approx. 9.60 PLN. You don't need to validate this ticket, it's valid for the next train. Best option.
2. Swipe your credit card on the Fala system devices on board. This way, you won't get a printed ticket. The system is under development.
3. Optionally, from the controller, but a small additional fee applies.

The train schedule for weekdays is presented below. Please note that only trains marked yellow go to Gdynia.

SITE VISITS

All site visits begin at Skwer Kościuszki, by the fountain <https://maps.app.goo.gl/n8NtiuacHayLAR1n8>

Please note that **for participating in the cycling tour**, you need the **MEVO City Bike App installed & set up** to be able to get a bike. See the instructions below.

MEVO City Bikes – registration in the MEVO APP is needed for the Cycling tour site visit

Instructions for using the journey code to use the city bikes:

1. Download the “Mevo - metropolitan bike” app for your mobile device from Google Play / App Store.
2. Open the Mevo app and choose “First time here? Let’s register!”
3. Under “subscriptions”, select the “redeem voucher code” option at the very end of the panel:
 - enter the voucher code you received and proceed to the next step by selecting the arrow on the screen;
 - you will be informed to enter the correct code and select the arrow again.
4. Enter your phone number, read and accept the Terms of Use, Privacy Policy and other consents:
 - you will receive a one-time activation code on your phone number. Enter it in the dedicated field.

5. Plug in an active payment card and make a purchase of 0 PLN. Confirm the transaction in the banking app.
6. Enter your name, surname, optional year of birth, gender, and postcode. Select the 'my profile' icon (the human in the top right corner of the screen) and the 'payment methods' tab.
7. Top up your virtual wallet with 10.00 PLN - this is a safeguard against leaving your bike outside the station and exceeding the time allowed by your subscription.
8. Make sure you have a stable internet connection and enjoy the journey.

The order of the steps may vary slightly depending on the device. It may be that once you have entered your phone number at registration and received the activation code, the next step is to plug in your payment card. The card to be attached to the profile can be the same for everyone. It could be Revolut. There must be an amount of 10 PLN in the virtual wallet (for each user). This is the minimum amount required to use the system.

LANGUAGE

The language of the event is English.

PARTICIPATION FEE

The event is free of charge for the participants.
